

# Year 7 Art

## The lifelong learning of our Year 7 curriculum is;

*Being a risk taker*

*How to be a good communicator*

*Foster curiosity*

*Art has a place in the world*

## How can parents/carers support their child at home?

It would be advantageous if students had access to basic Art materials and a space to work at home. A basic Art pack could include the pencil case already provided by school, paper, glue, scissors and coloured pencils. It is not an expected requirement that students have a set of paints and brushes, but we are grateful for those who can provide this.

## What will students be learning

*Unit 1- Drawing for intent and purpose. Observational drawing skills and quality of line*

- Knowing about modern artists
- Knowing how to record in Art

*Unit 2 - Bringing Art to life. Exploring tonal skills, looking at 3D forms and shape*

- Tone
- Shape/form
- Learning about Peter Randall-Page

*Unit 3 - Art in colour. Colour blending and paint techniques*

- Primary, secondary and complimentary colour theory
- Watercolour painting techniques

*Unit 4 - Texture. Mixed-media based work*

- A wide range of media will be explored (experimental work, new techniques)
- Relevant artist study
